Mr. Hammer entered the chamber.

And I wonder when they will arrive

weapons expert who speaks.  
Actually yes, I'm not an expert,  
is you.  
You are the example.  
Senator, if I can.  
Can not be an expert, you know  
Who was the expert?  
Who do you think?  
Howard Stark.  
A father to us. E  
for the entire military industry Tony.  
But it must be clear that not dajar  
flowers spread, it was a lion.  
All we know why we are here in these six  
months Tony Stark has created a weapon  
with many possibilities and  
He insists it is a shield.  
He Confines me  
say, as I know cringe.  
As I like to feel  
insurance, actually, yes.  
I do not  
lock the house.  
But never where we live  
a world full of threats.  
When Mr. Stark does not  
have the ability to predict.  
Thank you, God bless  
Iron Man and the country.  
Very well said Mr. Hammer.  
The committee now invites the lieutenant  
Colonel James Rhodes for the camera.  
Rhodey " ?  
Friend, do not wait  
see it here.  
- Tony, and accept what happens with a vine? .  
- Ok, I do not believe it.  
I have here a complete report of the gun  
Iron Man, compiled by Colonel Rhodes.  
Colonel registration can  
read section 4 on page 57.  
Specific request you to read  
parts of my report of the senator?  
If Mr.

I was told it was going to testify  
more comprehensive and detailed.

- There were changes, I understand Mr.  
- Tell me to read numbers out of context does not reflect ...  
The colonel read it I understand.

Thank you.

Very good.

Mr. and does not operate in any one branch  
The government is a possible Iron Man  
Risk to the safety of the nation  
and their interests, but after I summarize  
that the benefits of Iron Man  
far outweigh its potential risks.

- Colonel Enough.

- And he gives Mr. Stark in jail ...

I do not like the idea but think  
became secretary of defense.

If they ask me nice.

Now I want to show the images included  
in the report, if I can.

Forgive me, I think it is premature  
images reveal that the general public.  
Colonel I understand, but if I could  
give it to us, I appreciate it.

We can see them?

Intelligence suggests that images  
these photos are attempts manned  
copy of the action of Iron Man  
Mr. Stark.

This was confirmed by allies  
local intelligence on the ground.  
Indicating that the facts are  
operation at this time in the world.

Rhody "I can?

Good.

I have a control on the screen.

The weather is clear.

Well, let's see what happens.

If you direct your attention to  
Neither, apparently, the screens in Korea.

I just want to clarify that the pilot  
survived the test.  
His point is that we have finished,  
I do not think ...  
- And my point is that they would thank me.  
- Why?  
Because I am his great shield.  
And it works, we are safe, the country is safe.  
They want my property, not the will,  
but they did a great favor.  
I privatized world peace.  
What more do you want?  
And now.  
They want to work with these  
Stupid asses.  
Well, Mr. Stark, great.  
We went to the cattle, we get  
cattle.  
- Thanks.  
- It was a pleasure.  
Give me a hand.  
My commitment is to the people.  
I will serve this great nation, in  
As much as I please.  
And if anything has been proven is that I do

Good technology.  
You can double rotations.  
Focus appellate

Effective, is not very efficient.  
But a copy is acceptable.  
I do not understand with a little tact  
You can earn good money selling  
North Korea, China, Iran  
Or straight to the black market.  
One can see that you have friends  
slums.  
You come from families of thieves  
and bandits.  
Like all guilty.  
You try to rewrite history.  
And you forget all the lives that  
Stark family destroyed.  
Speaking of thieves, where did you get  
design?  
- My father, Anton Vanko.  
- Do not know.  
My dad is the reason you

Today I am alive for his attempt to  
murder and failure  
Sure.  
If God can do a blood  
people stop believing in it.  
And there will be a lot of blood in the water.  
And the sharks come.

Now all I have to sit through.
